

# GMS Student ID Badge Policy

Students ID badges are issued to students during the first week of school. These are part of our school safety plan. Students are expected to wear them with a school appropriate lanyard at all times during the school day.

Important things to keep in mind:

1. ID cards should be worn at all times when on campus during the school day. They must be visible around the Students' neck.
2. ID cards will be used to check in on your bus, get lunch and breakfast, and in the media center.
3. ID cards should not be defaced (including stickers, markers, and/or removal of names and barcodes)
4. Replacement badges (\$1 or \$2 w/ lanyard) are available in the office. Students that are unable to pay for ID cards will have a fee added to their student account. Students owing funds on their student account may be prevented from attending school activities.
5. Students who forget their ID card will report to the office. They will be given a replacement card and issued a TIE card.

\*\* Failure to wear the student ID cards is a violation of the Code of Conduct and repeated offenses are subject to disciplinary action.
